It's been
fun with you.

You've been probably one of the best thing that has happened to me.
Therefore, let's end this before I have to call you one of the worst.
Whatever you want ...,
Let's end this our way !

Janimes
www.janimes.com

While chained ?
Then unchain me ! You are not a coward who'd fight me chained.
Your poker face won't work on me anymore. But, hey, you are really good.
I thought I was good at acting. But you are even better. You'd win a grand award in an Academy.
Quit playing around. Unchain me.
Go ahead and fight like that.

I am disappointed in you, Jang, Han Seo !
끼익
See? You can't have speed which is your only advantage With those heavy chain with you.

If I were you, I wouldn't start fighting while I am on a disadvantage.
You ...

Sleep for now. I will wake you up when it's time.
No ..., what are you going to do ?
I have to stop him. I must ..., Han Seo.., Han Seo ..,
I don't want to lose you ...

It was when I had to push your man with you to an edge that you said you regretted thinking me as one of the best thing that had happen to you.
It was not what the jiang I used to know woiuld say.
Perhaps, what I've been doing all along is just a test on you.
To see whether you'd show the same reaction when I am hurt ...

Janimes
www.janimes.com

... Did I expect her to defend me like before ...
Has what I've been doing all along been based on your trust ....
.... It's already over...
It is already ...

Hey
you woke up
just on time
was wondering
how would
wake you up
You bastard
You made another
bump on my head

What are you

Or you die
ou've gone completely crazy
f you don't pull the trigger that will fall on to your head

Are you saying that string is connected to that
ou must have been pretty busy

f you want to live

degree it will fall at
that degree

between the door
and the chandelier

dough for you.
The technicians

CHAPTER

Don't blame yourself
Everyone cares for their life

www.jaiminis.com

Just like before
Just like the good old days
It's not Han Seo

I know I am not a trustworthy guy But why couldn't you trust me just one more time

f you did
f you did

Surprise !
Congratulations

Ih

ang Han Seo what kind of joke is this

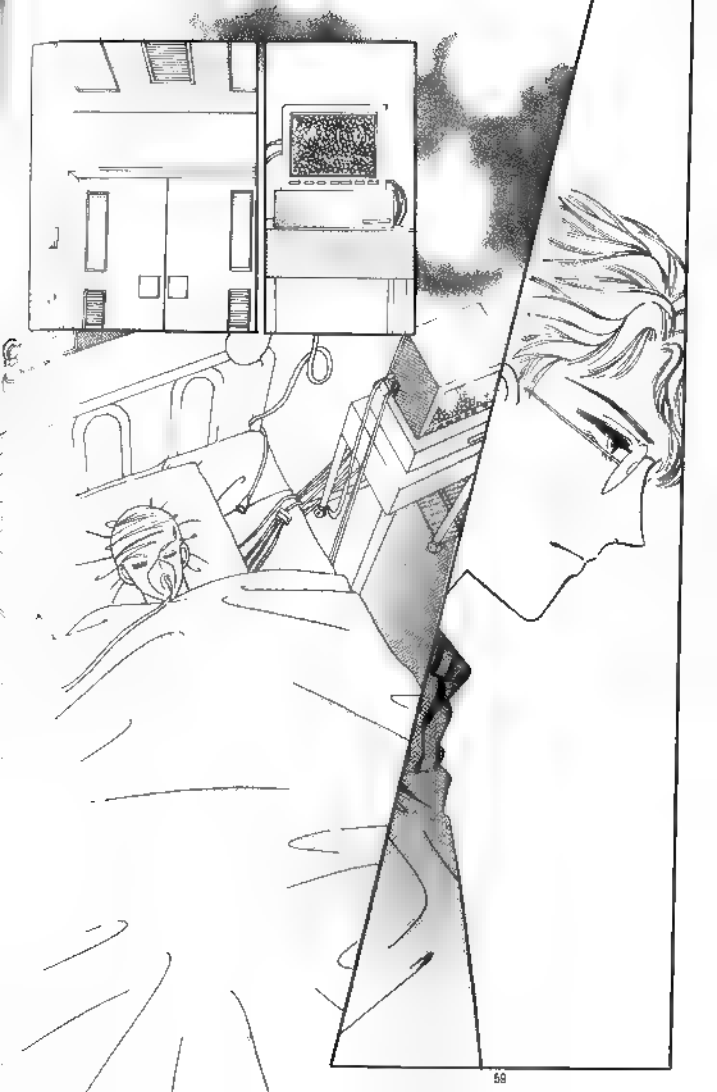
Two people fell into the sea !

He has damaged his skull and There was some bleeding in his skull inner tissue
During the surgery his blood pressure was very slow It might have caused some damage on his brain And
He cracked his head and you performed surgery That s what you are basically saving
Tell me whether he will survive or not
Stop
the surgery was successful But we don't know what side effect he will encounter

believe
a girl was
with him
Ah
She's fine
She can be release
any moment
So it was
a matter of
luck
It's all
because
of me

He
hurt himself
because he
was trying to
protect me
Why did he protect me
He threw me off a
roof before
Why
Why

www.janimes.com



This

Don't
Don't take it

his own
he will need
to rely on
machine

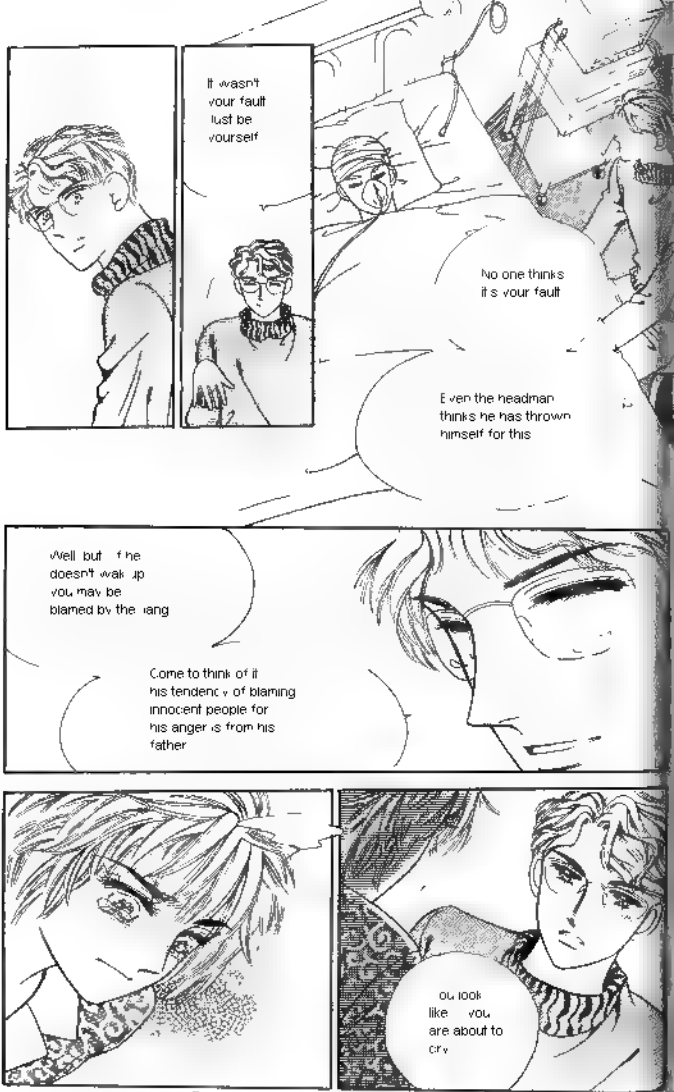
Look at you
You tried to do
something big
And you ended
up having to rely
on these
machines
Bet you didn't
see this coming
Look at
you

Open your eyes
It's been already
2 days
You are making
me feel anxious
There you
are Hajji



It wasn't your fault Just be yourself
No one thinks it's your fault
Even the headman thinks he has thrown himself for this
Well but if he doesn't wake up you may be blamed by the gang
Come to think of it his tendency of blaming innocent people for his anger is from his father
You look like you are about to cry

Just want to be beaten
Beaten until am covered with blood
This guy he may be rude ruthless and reckless owe him my life and everything
Because did not like what was being taught ran away from home often and father caught me everything and beat me to near death
After he took me in the clan was beginning to have some freedom His recklessness freed me

No
drove him
that way
wanted to leave
from the hell
So call myself
his servant
approached
him slowly
so that he'd
open his mind
to me
used him
Don't
make me laugh

to say it out loud

Why are you cursing me like that

Han Seo
your acting skill is really growing
This film is going to be a masterpiece
Crap

A boss dies few seconds after he was stabbed ?
That's how the script was written
Don't object it

www.janimes.com

two times today
That guy is always fun to bully
Han Seo we are going to have a party tonight Can you at least show your face
@!#% told you never go to that kind of %!@# gathering
Really if it wasn't his way of speaking he'd make a perfect all-in-one actor
But that's how he can perfectly manage to act like a real gangster
Did you hear His family does that kind of things
Ah heard as well
But do you really think they'd let him sell his face to public if that was true

You have a lot of schedule I will give you a break later For now change your suit
What a bad manager you are Couldn't you give me a break ?
Which suit ?
It's an important interview Get the suit with C I tag on it
You as a manager of an actor he should never be underestimated
It's even more amusing that you managed to become a professional actor

I've mean to ask you this before Aren't you resented for going into this area with me
In my case was just playing with the family's patience But you didn't have to follow me knowing that they might get rid of you
Nevermind f you don't want to answer
I had something called personality test It turned out that babysitting would be the best job according to my character
Ah the reason is really nothing big

to work soon after
But it was impossible

My husband supports me from my back and he is my most valuable supporter
We try to maintain an equal relationship
Equal

chores
did suggest
to hire a maid
ignore that

nothing
Even "a kid" is
a human being
Treat me like
a legitimate family
member

Isn't it too late for a kid to be awake
Oh my my my princess you must woke up from sleep
It s also too late for a married woman to come home
Now my queen and princess it s time to go bed
I am tired now

Help me to sleep fafa
Yes that s right Let s go to bed darling
Get your hands off him He is my husband
He is my father

We've been lovers for more than 12 years and we are married Don't interfere

www.janimes.com

You two decide don't know
Coward !
OK
This is exactly why she has become so rude and arrogant I wonder who you got that kind of attitude from
This is exactly why mother is so loose A man in a family is king You have to make her realize which position she is under
The mother and the daughter they are exactly the same in every aspect

Back off kid
risked messing up
my beautiful figure
to give you birth
Be thankful
You refused to
give me your
breast milk
because you
were afraid
of messing up
your figure
You lack maternity
instinct
Where did you
learn such
harsh words
learned
from you
Lately
think of you
often
You once told me
that you'd make me
regret for my entire life
But don't regret
because queen and
princess are both
important to me

Hello everyone
The Christmas is near and the streets are filled with its atmosphere

Today's special program is
30 new generation people
who shall lead the future
of this country
Among them
we've interviewd
one person and are
going to show you
Don't be shocked
This person is only

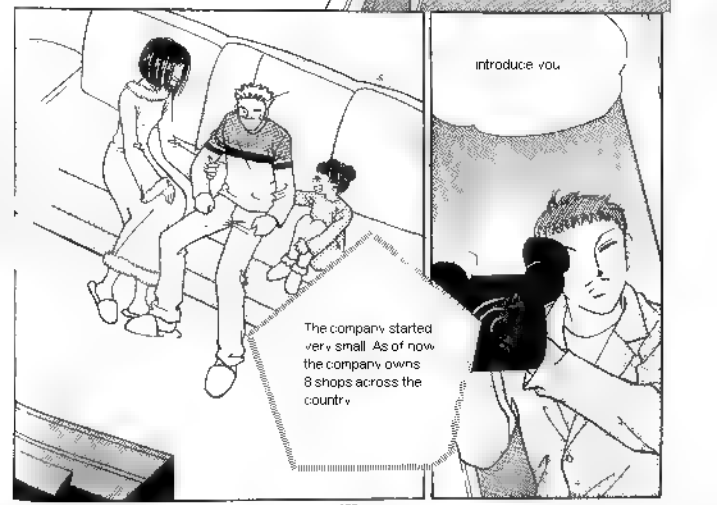
spotlights from the media
recently

www.janimes.com

As you know our current food market is literally conquered by foreign brands This company has surpassed B brand and T brand which are known of one of the best and has created a new brand that is purely made by our people
24시간 편의점



The chairman, Kang, Ha Ji !
She's really young
Just how good, she must be in order to bring the company to the best from nothing
'es "
she's the symbol of a working woman
The company produces dishes based on combination of Korean traditional & modern settings
Oh oh

www.janimes.com

There is an old saying
that life cannot be
expected and foreseen
Therefore it has
its meanings
What a wise
saying

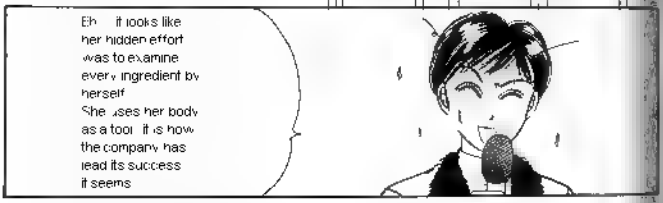
figured that if Ha li
ever shows up on T v
it d be because she
was involved in
a crime or in
a large scale gang
fight
YOSHIMI !
It s more
amusing
that you
became
an actor
Oh man
didn't see
this one coming

What s more amusing is that father hasn't killed me yet
Yeah he gave up on you long ago even before the incident But it was rather unexpected knowing his personality
am going to tell you the secret of how the company has managed its success
The secret of family restaurant s success was neither big fund or a power of brand
New set dishes are introduced every month
The flavor is nothing but perfect and fresh ingredients
The company fought foreign brands purely with its unique flavor and has attracted consumers who always had not been completely satisfied with foreign flavor

must say their success
is directly related to the
chairman's hidden effort
She visits the restaurants
every single morning and
checks on ingredients
If any are found not
fresh, they are thrown
away without hesitation
Also, it is said that
the company has a
very special and unique
way to define what is
fresh and what is not
OTH
TH
Fo

Hm
this one s
fresh

Ack
This meat is
low quality
This watermelon
is not sweet
enough
This one s
rotten



Eh
it looks like
her hidden effort
was to examine
every ingredient by
herself
She uses her body
as a tool it is how
the company has
lead its success
it seems

I can guarantee you that
she has been eating

She even takes
digestion pills in
order to keep on

is endless
Behind of the company's
success there was
a sacrifice

of new generation
business men and
women our country's
economy shall be

Ahah ~
how toughing
OOT

sacrifice
Looks like Ha li's born for that kind of job She has chosen her profession very well
Could you tell us why you decided to create the company and come all this way
my reason
es Anything is fine your dream goal creed and etcetera like you had a dream of spreading Korean s flavor to the world
No reason was told that f take this job I'd get to eat free and delicious food everyday

see
our creed to provide our people with the best food possible
thank you
Of course
Ms Kang how can you keep your figure slim while consuming that much food Do you have a special way of diet
Diet Why would do that
Ah then do you do any kind of exercise
Well haven't done any exercise for a while But there are times that have to run around intensively

The one who should be acknowledged as a good executive before 30 should be my son My son
How could that be on a higher position than my son ? how !!!
Hey Mr Park come over here
Is it true that Kang Ha Ii the alluvial gold is your girlfriend?

es
we've
known each
other since
high school
Wow
am jealous
of you guess
you two are
steady huh
Although feel
that you look
too good compared
to her well she s known
as alluvial gold
creator anyway
eah
don't
let her
go
Who'd have expected
that am recognized
by Ha li's name
fe is indeed
unpredictable

ou are
awake

When did you come
Why didn't you wake me up
I was watching your face
Did you bring the documents
Yeah here and some of them are done by me
You are doing ok now Good work it must have been hard for you to learn You can probably run the company alone now
Well I've been eating quality food every day Learning the work was my form of payment
Yeah

By the way is it all right for me to be on T v like that You are the one who practically runs the company
All did was eat and just tell me whether liked or not
That s all right now know that your ability to taste is a skill
A skill
ep you have great sense of taste whichever you like people like as well your tongue knows exactly what people want and how they want their food to taste like
Besides you may not know how to cook But you are good at telling them what they should do to improve their food

It seems even other foreign companies want to borrow your tongue
That is a skill
That s good
thought was good at only athletic s
So thought was being a burden to you
어!
어!

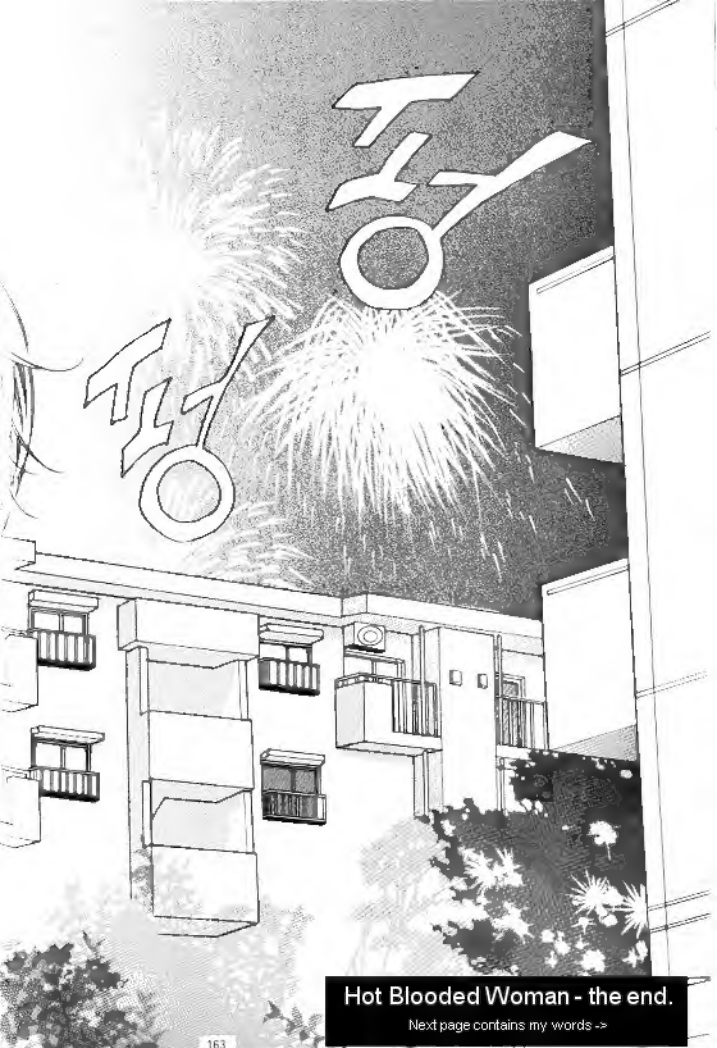
Most of people live without realizing what they true talent is
I am really lucky
Yes, you are bet you that you can even find luck at bottom of hell
시아,

Today is the last day of this year
Yeah the countdown will begin soon
Why do you say that
Don't you regret meeting me
You lost your father's trust because of me
You are beginning from bottom at his company now and you are living in an apartment

Don't misunderstand My father he may look easy and soft but he is very cold when it comes to right and wrong
Until I am acknowledged by people he will never let me go high
My initial plan was to upgrade you a little But you upgraded way too much
Father is not going to like this at all Well I didn't know you had a sense of administation anyway
Weird
In the old days thought I'd grow tired of you when am with you for a long time
Are you tired of me now ?
Yep sometimes but even tiredness feels comfortable Maybe got used to it

Wow ~
fireworks !

Another new year -



Hot Blooded Woman - the end.
Next page contains my words ->

My words

There is something ironic about something.
I've first begun to scanlate this series December 30th of 2003.
And this series ends at January 1st. Well, that was just a thought.

So, it took roughtly 8 month and half to finish this series.

Let me be honest for next few sentences.
This series sucks. This is "just anohter" Mi Ri Whang's work
that was copied this and that from her other works.
You may find this series funny and all though simply because
you have not read 20+ series done by Mi Ri Whang that 's
basically the same as this one.

From volume 1 to 12, it's just for fun. It's there to get you hooked.
However, there is one page that shows Kang, Ha Ji might not be so stupid.

At first, Jang, Han Seo thought Ha Ji was a stupud girl. But, as time passed,
he became skeptical about Ha Ji's endless stupidity. That's when he thought
that her poker face was her stupidity.
All the things Han Seo has done to her after about volume 15 was all because
he wanted her to give up on him so that he can give up on her in return. He was
not going to give up on her first. He wanted her to give up on him. However, Ha Ji
did not want to lose Han Seo. Therefore, she kept on pretending to be stupid and
not know anything. When Han Seo felt that he was on boundary of his limit, he
executed a carefully made plan to break Ha Ji's poker face. (volume 23)

Do you remember that Na, Jeong Hyeop once told Ha Ji
that she'd never reveal her real face unless someone she
cares is hurt ? That's why Han Seo put Park, Sin Uoo on
edge : just to get Ha Ji's poker face broken.

Kang, Ha Ji may not be a bad person. However, she is certainly very wicked,
probably the wickest person among the three including Han Seo and Sin Uoo.

Well, I kind of knew that Kang, Ha Ji may turn out to be like this because the same
thing happened in Mi Ri Whang's series before numerous times.

Han Seo is a man who symbolizes dandelion. In Korea, perhaps in Asia,
dandelion symbolizes absolute loyalty.
Han Seo is a kind of man whose way of love is cruelty which unfortunately
is rather common type of man. (My father was like this.)
And in Korean history, some kings had known cruelty as love. So, it's not surprising.

To next page ->

Do you think this series had a lot of twists ?
No, if you can manage to find Mi Ri Whang's early works, meaning before year of 1995 , when her drawing is nothing like you are seeing now, her series was had far more cruel twists that involved sexual harassment.
Unfortunately, Mi Ri Whang no longer targets adult readers. Therefore, she no longer produces such a kind.

Ahah - Ha Ji chose to shoot to save her life instead of Sin Uoo's.
That was the last clue given by the author that Han Seo was correct in justifying Ha Ji's character - a wicked person, but not a bad person.
She has too much jealousy and greediness. That's all.

"If I can't have <object / people / whatever > ,
I would rather destroy <object / people / whatever >."
Is rather well known expression in Korea.
It's been passed down since ancient Korea.

If Ha Ji trusted Han Seo like she used to, she would have believed that it was a fake setup. "Desperation" broke her poker face for the second time.

My true feeling about this series is -.-,
no one should be addicted to this kind of 3rd class series. However, people like this kind of series and I am very well aware of the fact since I used to like this kind of series long long ago.
Basically, I know what you like. But my experience in manga has advanced too high to like this kind of series anymore.

I rate this series **five** out of ten.
And I am going to explain why.
First of all, this series is not creative at all and is not original, either. It does contain few meantings. However, compared to previous series such as Love Allergy and Kimi Kara no resume which were rated 6, the dept of meanings are too low. Her early series were better which I rated 6 more than 10 years ago. All of her recent series will never be rated over 5 by me because none of her recent works were better than her old works.
Of course, there is so little passion in Hot Blooded Woman.
Mi Ri Whang is capable of drawing about 8 different women. She didn't have to use Aram's image as Seo, Yeong In.
I suppose she wanted to use Aram's image for last interference -.-, but still -.-
